

Websites made easy

Mono delivers the ultimate platform for building
stunning websites for small businesses

MONO WEBSITES

DRIVE BUSINESS FOR SMBs

The award-winning Mono Platform makes it easy for agencies and digital service providers to build professional and affordable websites for small businesses.

WEBSITES ARE ESSENTIAL

Websites are the most crucial hub for authoritative content, brand representation and online engagement.

The Mono Website product in the Vendasta marketplace offers unlimited pages and advanced design for unique and conversion-driven websites.

CODE-FREE WEBSITES

Building websites on the Mono Platform is 100% code-free. From animations to building forms, the Mono Platform has an intuitive WYSIWYG interface that makes website building easy for both professional designers and small business owners alike.

SEAMLESS SITE CREATION

From the marketplace, start with a site creation flow that makes website building simpler than ever before.

The flow collects key business content, allows for the selection of a website theme, and then generates a turnkey, fully-hosted website for your client.

ALWAYS OPTIMIZED

With a no-compromise approach to technology, Mono always supports the latest trends including schema.org markup, site speed performance and more. Websites built on the Mono Platform are fully responsive and optimized for traditional, mobile and voice search.

GETTING STARTED WITH MONO

Mono will be launching in the Vendasta Marketplace SOON!

Sign up for the Mono Newsletter and be the first to know when it's LIVE and receive a special offer on your first website: monosolutions.com/vendasta
